

2000 “A Capital City Christmas”
Montgomery Museum of Fine Arts

This year's ornament, featuring the Montgomery Museum of Fine Arts, is the seventh in a collectible series. The museum, founded in 1930, is the oldest fine arts museum in Alabama. In September 1988, the Museum moved to its current home at One Museum Drive in the Wynton M. Blount Cultural Park. Noted for its outstanding survey collection of American paintings and sculpture, the Museum boasts an impressive collection of Old Master Prints, Southern regional art and decorative arts.

Thanks to Mr. Joseph Stone who graciously continues to be the exclusive artist for the Easter Seals ornaments. It is with great appreciation of his time and talents that we are able to offer yet another piece in a collection series.
