# COMMUNITY DAY SERVICES

## HOW WE HELP:

- 9:30am-2:30pm Monday-Friday
- encourage growth
- community-based programming
- build friendships
- provide meaningful activities
- create real opportunities
- Increase skill development
- inspire inclusion
- enhance life experiences

Participants enjoy friendships, music, movement, learning new skills, special events, excursions, and volunteering in the community.

As a community active program with a 5:1 participant to staff ratio, Easterseals' program can support individuals who: can travel safely in small supervised groups throughout the community, are generally independent in the washroom, and who do not have aggressive or disruptive behaviors. All individuals must have the opportunity to seek employment and work in competitive work settings.
