FTA TITLE VI COMPLAINT INVESTIGATION PROCESS AND PROCEDURE

What is an Investigation: An investigation is an official inquiry for the purpose of determining whether there has been a violation of the laws or statutes and includes a determination of appropriate relief where a violation has been identified. An investigation requires an objective gathering and analysis of the evidence, which will ensure that the final decision is as accurate as possible.

Role of the Investigator: The investigator is a neutral party provided by the agency to investigate the issues raised in a complaint. The investigator has an obligation to identify and obtain relevant evidence from all available sources to resolve all the issues under investigation. The investigator is not an advocate for the complainant or the respondent. The investigator is a neutral fact finder.

THEORIES OF DISCRIMINATION: A Theory of Discrimination refers to the type of discrimination:

- INTENTIONAL DISCRIMINATION/DISPARATE TREATMENT – The decision maker was aware of the complainant’s race, color, or national origin, and acted at least in part because of that information. The action was taken because of the complainant’s race, color, or national origin,
- DISPARATE/ADVERSE IMPACT – Discrimination which occurs when a neutral policy or procedure has a disproportionate impact on a protected class. The practice, even though applied equally to all, has the effect of excluding or otherwise adversely affecting a particular group; and
- RETALIATION – Discrimination against persons because of the filing of a complaint, participation in an investigation, or opposing a practice made unlawful pursuant to the laws.

ELEMENTS OF PROOF: How does the investigator prove discrimination?

- Establish a Prima Facie Case – The complainant has the responsibility of initially establishing a prima facie case of discrimination. A prima facie case means the complainant has provided information containing all the elements necessary for a complaint of discrimination.

If the investigator is not contacted by the complainant or does not receive the additional information within 10 business days, Easterseals can administratively close the case. A case can also be administratively closed if the complainant no longer wishes to pursue their case.

After the investigator reviews the complaint, she/he will issue one of two letters to the complainant: a closure letter or a letter of finding (LOF). An LOF summarizes the allegations and the interviews regarding the alleged incident, and explains whether any disciplinary action, additional training of the staff member, or any other action will occur. Under federal regulations, transit operators must take reasonable steps to ensure that Limited English Proficient (LEP) persons have meaningful access to their programs and activities. This means that public participation opportunities, normally provided in English, should be accessible to persons who have a limited ability to speak, read, write, or understand English.

Easterseals Capital Region & Eastern Connecticut, Inc. continuously seeks to create opportunities for the public to participate in planning, reviewing, and implementing its transportation projects and programs. To draw attention to this effort, Easterseals Capital Region & Eastern Connecticut, Inc. outlines its plan of action in the PPP, which is updated on an as needed basis.

Language Assistance Plan

Limited English Proficiency (LEP) is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities.

As a grantee of Federal Transit Authority (FTA) funds, Easterseals Capital Region & Eastern Connecticut, Inc. is required to develop a Language Assistance Plan (LAP) that ensures meaningful access and addresses the needs of Limited English Proficient (LEP) populations. The Easterseals LAP includes the following elements:

- Four-factor Analysis;
- language assistance measures;
- Providing notice of the availability of language assistance to LEP individuals;
- Procedures for monitoring and updating the Plan; and
- Program initiatives over the next three years.

The following LEP language implementation plan, developed by Easterseals Capital Region & Eastern Connecticut, Inc. is based on FTA guidelines.

Factor 1: Assessment of the Number and Proportion of LEP Persons Likely to be Served or Encountered in the Eligible Service Population

The organization has reviewed census data on the number of individuals in its service area that have limited English Proficiency, as well as the languages they speak. U.S. Census Data – American Community Survey (2014-2018) Data from the U.S. Census Bureau’s American Community Survey (ACS) were obtained through www.census.gov. Easterseals Capital Region & Eastern Connecticut, Inc. service area of New London County includes a total population of 265,206 (US Census V2019) with 5.3 percent of the total population reported as persons with Limited English Proficiency that indicated they spoke English “less than very well,” in the 2014-2018 ACS Census. Languages spoken at home by those with LEP are presented below. These data indicate the extent to which translations into other language are needed to meet the needs of LEP persons.

Based on the area of service, New London County Easterseals calculated the number and percentage of LEP populations by language. If the number of LEP persons exceeded 5% of the total population, it would be considered an LEP language. If the LEP population was 5% or 1,000 individuals, whichever was less, it would be considered a Safe Harbor language. Based on these calculations, it was determined that Spanish was the only language that exceeded 5 percent.

New London County Total population: 265,206		
Language	Count	Percentage
Spanish	14,179	6.6%
Indo-European	8,496	4%
Asian/Islander	7,187	3.4%

Factor 2: Frequency of Contact by LEP Persons with Services.

Easterseals Capital Region & Eastern Connecticut, Inc. examines the frequency with which LEP individuals encounter its services by conducting a Front-line Staff Survey. As a tool to gauge front-line employee interactions with LEP populations, Easterseals administered an LEP interaction survey. It was the first LEP survey in its kind, and included operators, supervisors, and staff members with direct interactions with populations requesting services from Easterseals. The frequency of interaction with twenty-six (26) languages are detailed in the table below.

Frequency	Never	Rarely	Sometimes	Very Often
Spanish or Spanish Creole		3	1	5
French Creole				1
Laotian				
Polish				
Portuguese				
Albanian				
Chinese				
Italian				
Unknown			1	
Vietnamese				
India			1	
Russian				
Hindi				
Punjabi				
Guajarati				
Indi				
Serbo-Croatian				
Arabic		1		
Sign Language		5	3	
African				
Japanese				
Ukrainian				
French		1		
Egyptian				
Punjabi				
Iraqi				

Based on a Front-line staff survey conducted, the frequency in which LEP individuals seek services offered through Easterseals is minimal. Findings from the survey coincide with that of the US Census that indicated Spanish speaking people are above the 5% threshold. Approximately 33% of staff indicated that they interact with persons who speak Spanish very often, 20% stated that they have rare interactions, and 6% of staff said sometimes.

In addition, staff identified frequent interactions with deaf or mute individuals who utilize Sign Language. Twenty percent of Easterseals staff indicated that the frequency is sometimes and 33% stated that they have rare interactions. While Sign Language is not specified within the 5% threshold, Easterseals staff has been offered paid training to obtain a certificate of training in relation to Sign Language. Easterseals will continue to identify emerging populations as updated Census and ACS data become available for our service area.

In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact. To assist in language identification, the Agency uses a language identification flashcard based on that which was developed by the U.S. Census (see annex: Language Identification Card).

Factor 3: Assessment of the Nature and Importance of the Transit Services to the LEP Population

Transportation is provided as part of service delivery and accommodations are made for LEP persons on an as-needed basis.

Factor 4: Assessment of the Resources Available to the Agency and Costs

Based on the analysis of demographic data and contact with community organizations and LEP persons, Easterseals Capital Region & Eastern Connecticut, Inc. has determined that, at this time, minimal services are needed to provide meaningful access to services offered.

Easterseals Capital Region & Eastern Connecticut, Inc. assessed its available resources that could be used to provide LEP assistance. This included how much a professional interpreter and translation

service would cost, determining which documents should be translated, and deciding what level of staff training is needed. We anticipate that these activities and costs will increase as supply and demand increases which will be addressed as needed. Easterseals allocates resources toward language assistance expenses as available and appropriate. The agency does not have a set budget for translation services.

The following language assistance measures are feasible and appropriate for our agency currently: Language Assistance Services and to hire staff who are bilingual (English/Spanish) as a plus (rather than requirement) whenever Easterseals Capital Region & Eastern Connecticut, Inc. is seeking applicants for newly created or vacant positions.
